

TRAFFIC CONES

Hi-viz, Hi-Quality, Hi-Performance

OrangeGear™ traffic cones feature grip top technology for reduced slippage while handling and a quick release stacking design. These fade resistant cones perform great in all temperatures making them the perrfect fit for any climate.

OrangeGear™ traffic cones feature an interlocking base for additional support and reduced base cracking during run over incidents. This unique base has eight legs that improves friction to prevent skidding during placement.

OrangeGear™ traffic cones deliver high visibility, high quality and high performance for every situation. Your safety demands it!

FEATURES

- Injection-molded for supreme durability
- New grip technology for easier handling
- Formulated to provide superior winter and summer performance
- Superior Fluorescent Pigment gives unmatched fade resistance
- Base and conical sections interlocked and fused to provide integral design
- New 8-Lug base design increases friction to prevent skidding
- Recessed Cone Collars to prevent damage while stacking
- Meets MUTCD standards
